Put Off Bond Issue, Is Argued by Local People

The quarter of a million dollar bond issue which the city administration is urging at this time for playgrounds and public baths would be all right and praiseworthy in normal times, but these are not normal times. It is doubtful, therefore, whether the people will respond willingly to a further drain on their resources.

At the present moment every property owner and business man in Richmond and every other city, town and hamlet in the United States are undecided as what the future has in store and are conserving every resource at their command with a view of saving their loved ones from want which is sure to come if the present war with Germany lasts over a period of years. Many of our citizens will be called to arms and will be compelled to leave their families to fight their way in the world as best they may. From their viewpoint it seems wrong to attempt to saddle these people with additional financial obligation at a time when the outlook for the future at best is filled with uncertainty.

After the war clouds have passed, then it will be time enough to plan playgrounds and municipal baths. When brighter conditions confront us, then we can plan for the future, but we must first dispose of this job we have on hand of subduing the kaiser and it may take every resource which we have as a nation and as individuals to accomplish this task.

ALLIES THREATENED BY KING OF GREECE IN A NEW WAR MOVE

WASHINGTON, May 4.King Constantine has threatened to declare war upon the Entente Allies if they do not accede to terms he proposes. This was what he told the British Minister to Greece at a recent conference, immediately after which it was announced in London that the House of Commons would meet in secret session to consider the Greek situation. King Constantine is said to have promised to form a Ministry more agreeable than the present Government to the Entente, provided he received two promises. These were that the Frnch army shall not occupy any mor Greek territory and that the Entente will not dethrone him and replace his Government with a Venizelist regime or a republic.

WOMEN DRIVEN FROM STREETS BY BAYONETS; CITY REVOLTS

AMSTERDAM, May 4.—Revolutionary outbreaks have occurred in Germany says a dispatch to the newspaper Nazbode of Maastricht today.

Machine guns were used against rioters in the streets of Berlin.

The disturbances took place in connection with the industrial unrest, it was said. Crowds paraded the streets of Berlin and other cities clamoring against the scarcity of food. At some places demands for peace were voiced.

The situation in Berlin was described as one of the utmost gravity. Troops had to be called out there to quell riots. Machine guns were used when the rifles and bayonets of the soldiers proved inadequate. It is believed that a number of persons were killed or wounded.

PRUSSIANISM INTOLERABLE

Germany announces that for each German killed on British hospital ships by German submarines, five British prisoners will be executed. Hospital ships are to be ruthlessly submarined, and England is ordered to keep German prisoners off of them, otherwise English prisoners in Germany will be murdered.

Here is a further illustration of what Prussianism means to the world and another justification of America's resolve that such cold and calculated brutality shall no longer be permitted to menace civilization.

It is not the voice of the real German that speaks here; it is the voice of the Prussian oligarchy which has taken charge of Germany, and which imposes its will on the German people.

Let us not lose sight of this important distinction made by the president in his war message, and enforced by an analysis of the Prussian war policy since the first violation of Belgium in 1914.

It was not enough that the Prussian absolutism should tear up its sacred promise to respect Belgian neutrality. It was not enough to overrun the country, to massacre its inhabitants, to burn its historic buildings, to destroy its libraries, to sack its cities, to wring heavy tribute from the survivors, to starve the people, maim the children and outrage the women. It was not enough to harass those administering relief. It was not enough to deport men and girls into slavery. It was not enough to sink ships bearing relief supplies whose safety Germany had solemnly guaranteed.

These unimagined cruelties, such as the Turks have not inflicted more outrageously on the Christian Armenians, are but the prelude, of Prussianism, as announced by Von Bissing just before his death, is to have its way, to deliberately attempt to wipe the whole Belgian nation out of existence, in order that Belgium may be peopled with Germans, "and the question of Belgian liberty settled forever."

From this picture to the devastated strip of northern France which the Germans have been compelled to abandon, is but a short step. Here Prussianism has done its utmost to commit barbarities of which the hordes of Attila might well have been ashamed.

Of course, the destruction of anything of use to the enemy is justified—food supplies, arms and the like. But the Prussians have far exceedde the limit They have destroyed as savages destroy. They have girdled and cut down fruit trees, leveled every building, sown salt on the soil, and filled wells with filth An American woman who was permitted to visit the devastated territory vouches for the truth of the published stories, that cities even the size of Richmond have not a girl in them above the of 14 or a woman under the age of 45. The significance of this statement is terrible to all who comprehend its meaning.

The world can no longer tolerate the Prussian autocracy. Good folks of German blood in this country blush and burn with shame, as all of us do, for the stain of barbarism it has put on human civilization. Its infamy is unspeakable, its doom is sealed.

Here is a cause in which all Americans can and do unite. Their nerves are steeled and their resolve is stiffened by contemplation of the horrors Prussian militarism has wallowed in, and the horrors it still hopes to inflict on the world.

Concord, in this county was swept by a devasting fire a week ago and the major portion of the town was entirely destroyed. But that did not deter the people of Concord. They got together in a great mass meeting last night and decided to rebuild better and larger than ever. That is the right kind of spirit to show. The people of Concord are courageous and enterprising and will succeed no matter what may be the ill luck encountered.

Hunting German U-boats in a small cockleshell of a power boat may not be the safest pastime in the world, but it is said to possess more thrills than any other big game hunting that can be thought of. When you sight one of the undersea monsters there is always a fight with odds about even regarding results.

There is one patriotic thing we can all do. That is to buy at home and keep our money in circulation at home as much as possible. And the local dealer can demonstrate his own patriotism by keeping his prices down as much as possible. Every little helps—both ways.

Speculators in foodstuffs create high prices. High prices sap the vitality of the people through lack of sufficient nourishment. Vitality is essential to a successful prosecution of the war. Jail the speculator—or make them fight.

Mr. La Follette wanted a referendum among the men to be drafted. Doubtless if he were general in the presence of an enemy he would take a referendum as to whether his men should fight or run. He would vote to run.

We suggest that congress adopt the skirt as the symbol of the army. The women are offering their services more rapidly than the men.

An exchange asserts that the Chinese used natural gas 2,000 years ago. Possibly so—that old codger of an editor may have been there.

By the time the producer, the middlemen and the retailer get through, about the only thing left for the consumer is the bill.

The girl who is unable to find an ideal man is generally willing to accept something "just as good."

Already in the soup, King Constantine of Greece, seems in a fair way to get into the garbage can.

Also keep in mind that every hour's delay in starting the army-making puts peace just that much farther away.

Chasing yourself in circles may impress a few with your activity, but just the same it will get you nowhere.

Though admittedly not justified by crop and export statistics, the brug-gamblers continue to jack up the price of wheat.

Having changed his own mind, Senator Stone should have a fair idea of why so many of his constituents have changed theirs.

OPEN EVENINGS TILL 9—SUNDAY 10-2

BIFFS, BUNTS AND BOBBLES FROM ALL PARTS OF THE STATE BUSH LEAGUE

HIT THE BALL.

Seven of the nine members of the Richmond Elks are cracking the old ball at a .00 clip.

NEED PITCHER.

Pitchers for opposing teams going up against the Elks are a necessity from what has been done to former twirlers. Mgr. Carrol of the Sperry Flour team who plays here Sunday says he has a crackerjack twirler. He can either use Tholander or Marley.

BENN LEADS.

Diminutive Eddie Benn is leading the local players with a batting average of 1000. This is some score for Eddie but look—he only played in one game, was at the bat once and made one hit.

PLAYS ALAMEDA.

D. J. Esola, is organizing a team of ball players from Oneta Tribe of Redmen to play at Alameda Sunday.

WANTS TO COME BACK.

"Chuck" Wilcox who last season was the mystery man to the local ball tossers is trying to stage a come-back at Martinez. "Chuck" says he may have lost a little of his smoke but he still retains the "old noodle" which is something.

EXCURSION.

Les Blankenship's Santa Fe riveters and pencil-pushers will embark for Modesto Sunday.

"Everyone a star" says Les. "Mobley or any of the other Reds don't scare us a trifle."

Time is a great changer of things. Not two seasons ago the name Mobley made children cry, ball players throw fits and fans to whisper under their breath. Today the're all after him.

ARTIE IS ALL RIGHT.

Artie Benham is doing nicely thank you at Merced. Artie likes the climate, the fans and the boarding house fuel. He gets up at 5:00, works in a hayfield until 8:00 and then practices by lantern light. Atta boy Artie.

MISS RUTH EPPERSON TO TALK ON CHILD LIBRARY WORK

A talk on Library Work with children will be given on Friday evening of this week at the Unitarian Church next to the Post office, by Miss Ruth Epperson of the Richmond Public Library. Miss Epperson will touch particularly on the tSory Hour and its mission in library work, and will tell a nummer of stories illustrating points.

This will complete the series of lectures which have been carried on during the winter and spring by the Unitarian Society of Richmond as the musical program scheduled for this week will be postponed until next winter and Miss Epperson's lecture will be given this week instead of two weeks hence as announced.

WALLACE REID COMES TO T. AND D. THIS EVENING

"Ever since my celebrated conflict with the smoky sextette in 'The Birth of a Nation', scenario writers have been lying awake nights trying to devise some method of killing me off," announced Wallace Reid, the popular Lasky star who will be seen with Myrtle Stedman at the Richmond T. & D. Theater, today and tomorrow in the Lasky-Paramount production "The Prison Without Walls." Mr. Reid was in a gray prison uniform and was industriously planing away on a piece of lumber in the work shop in one of the well known penitentiaries, when he made this statement, and was still breathing heavily from a battle he had just finished with a drug-crazed prisoner.

DIAMOND NOTES

MURPHY STRONG.

Rod Murphy continues to play a bang-up game for the Oaks. The flashy third sacker has been the big surprise of the season and if he keeps up the good work he will be up in the big tent next spring. Murphy is getting his hits with regularity and he has the happy faculty of smacking 'em in the pinch.

"TEX" MARLE TO PITCH.

"Tex" Marley, twirler from the cruiser San Diego will pitch for the Sperry Flour team of Vallejo when it lines up against the Richmond Elks here Sunday.

SENGSTOCK FAST—BUT NOT AHEAD OF BENN.

Sengstock, third baseman for the Sperry Flour team of Vallejo which comes here Sunday may be fast—but he can't compare with Eddie Benn of the locals for getting them across from the difficult corner.

Vigorous Style—

dependable materials, careful tailoring—

all are characteristic of clothes made to measure by *Born.*

And Born prices place this satisfying clothes service within easy reach of every man who appreciates true economy.

Come in and see the excellent woolens we offer, tailored as you please, at prices from $15.00 to $40.00.

YOU'VE BEEN WANTING A SUMMER SUIT

EASY TO GET ONE IF YOU BUY IT ON CREDIT.

CHERRY'S Credit Clothing Shops outfit hundreds of men on easy payments. These men keep themselves well dressed all the time. When they want new clothes they go to CHERRY'S and get them by making a small first payment and paying the rest by the week or the month.

There's really nothing unusual about buying clothes on credit. It's just as logical as buying real estate or furniture or anything else on installments.

You'll find CHERRY'S stock of Spring suits complete and critic-proof. New styles, new colors, for those who like youthful lines as well as men of more conservative tastes.

CHERRY'S have two fine stores in Oakland—an exclusive Ladies' Shop at 515 Thirteenth, and a well appointed Men's Shop across the street at 528 Thirteenth.

There are also two stores in San Francisco—one at 48 and 52 Geary, between Kearny and Grant Ave., and the Mission Store at 2400 Mission, corner Thirteenth.—Advt.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from the stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly. —Advt.

Bowling Notes

The Standard Oil club held its weekly club night at the Seventh street alleys last night. Ellen Terry hit the maples for 245. Some score Ellen. Clarence Scofield the long fellow of the alleys was there strong.

"Aspirin" Harry Aines the spitball artist clicked the maples for a double century tally.

Harry Ivory the Boston tar-baby had his big "roundhouse" working to a queen's taste.

Wallace "Cicero" McCurdy one of the Hopkins street twins was in good form.

Carey Troy, a new bowler on the alleys is certainly showing fine form.

Tom Seigel, was also there.

Earl Morgan hit them better last night than at any time in his bowling career. He was throwing spitters, curves and be-liners with lots of "pep."
